Sir:

Applicants express appreciation for the courtesies extended by Examiner David Blanchard during a December 16, 2009 telephone interview with Applicants' representative Arnold Turk regarding the above-identified application.

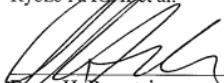

During the telephone call, Applicants' representative discussed the status of the application with the Examiner. The Examiner informed Applicants' representative that a Restriction Requirement directed to the claimed subject matter included in Applicants' submission of March 16, 2009 is being mailed, and that no further action on Applicants' part is necessary. The Examiner further indicated that the Restriction Requirement would expressly clarify the status of the application and indicate that the submission of March 16, 2009 is being entered.

Accordingly, Applicants believe no further response is due at this time.
